IN SIBLEY'S DISTRICT

Is the Most Noteworthy Contest Pend-

ing in Pennsylvania. PHILADELPHIA, Nov. 4.-There have been practically no developments to-day in the political campaign in this State and

none is looked for beyond the always-to-bebe made by the state chairmen of the respective parties. Whatever developments took place to-day

have been confined almost entirely to putting the finishing touches to the leaders' plans in those congressional and legislative districts where there are contests of any noment. The two most notable fights for Congress are in the Twenty-seventh and from 40,000 to 60,000. It is ridiculous for the the Third districts. The former comprises Venango, Warren, McKean and Cameron counties, in the northwestern part of the State. Representative Joseph C. Sibley, who was elected two years ago as a Democrat from this district by a plurality of 2,381 over C. W. Stone (Rep.), but who during the recent session of Congress anunced his allegiance to the Republican party, is the candidate against Lewis Emery, jr. (Dem.) The fight here is a bitter one and the result is doubtful. The Third district, formerly represented

by the Hon. Samuel J. Randall, is in Philashia, and is the scene of another fight. Representative McAleer (Dem.) and Henry Burk (Rep.) are the candidates. Charges of police interference, repeating, false regare being freely made on both sides. Both claim victory here.

In those legislative districts where there are contests, to-day was one of labor rather than of rest. Every effort was being made by the leaders of the Quay and anti-Quay Tuesday's conflict.

Wanamaker Offers Rewards.

PHILADELPHIA, Nov. 4 .- The ex-postmaster general, John Wanamaker, forwarded a communication to-day to the Business Men's Republican League committee of 100, Municipal League, Trades' League and the Law and Order Society, in which he announces that he has deposited In a trust company \$50,000 in marketable bonds to secure the payment of that amount in cash to a committee representing the various organizations to be used as funds to defray the necessary expenses for the investigation of frauds against the ballot at the coming election, and the municipal one next February.

RIVAL COLORADO FIGURES.

Democrats Claim It for Bryan, Re publicans for State Ticket.

DENVER, Nov. 4 .- State Chairman Milton Smith, of the Democratic party, to-day estimated Bryan's plurality in Colorado at the coming election at 75,000. Although a complete fusion on the State ticket was effected when the State conventions of the Democrats, Silver Republicans and Populists were held, each party has maintained separate headquarters during the campaign. The chairmen of the other two fusion parties do not estimate Bryan's plurality quite so liberally, but both agree that it will be over 60,000. The claim of election is that James B. Orman (Dem.) will win by 45,000. Silver Republican State Chairman W. H. Griffith says that not more than twelve members of the next Legisature will be pledged to vate for Senator E. O. Wolcott to succeed himself Representative Bell's election is claimed by 20,000 and Shafroth's by 10,000. In Arapahoe county, the largest in the State, and in which Denver is situated, what is called a straight Democratic councy ticket is in the field. The fusionisis say this will not draw greatly from their support. Republican State Chairman C. D. Ford, while making no reference to the result of

Republicans Expect to Carry the State for Both Tickets.

in Missouri to-night is somewhat changed from that outlined in these dispatches last night. The Democrats reiterate their ability to carry the national ticket to victory by from 40,000 to 60,000. The Republicans, on the other hand, still entertain the belief that Flory will capture the gubernatorial plum, but even go further than they did yesterday and predict that Missouri will give McKinley a small majority. The chairman of the Republican state election in Missouri as follows: "The results of the election on Tuesday next in Missouri will be a surprise. The national and State tickets will make sweeping gains in every section of the State, and it is not improbable that the electoral vote of Missouri will be cast for William McKinley. Joseph expected last cards and the final claims to Flory, the Republican candidate for Governor, is the popular idol of the people of

Missouri, and we expect to elect him Governor of this great State on Tuesday next." The Democratic chairman issued the following: "Missouri will give Bryan a large majority. It will give Mr. Dockery, for Governor, a large plurality. It will control the next General Assembly and elect thirteen, if not fifteen, of the fifteen representatives in Congress. Rival Demonstrations. OMAHA, Nov. 4.-To-morrow will be lively day in Nebraska and for an anteelection day will probably eclipse anything of the kind in the State's history. Both Republicans and Democrats are preparing for great demonstrations in Omaha in the

Mr. Bryan will speak at a dozen halls istration and all manner of political frauds | after a day's tour in the State, and the Democrats plan to make it an eye-opener for this Republican district. The Republicans will have a monster parade and barbecue, with a shotgun regiment and lots of red fire.

As far as the situation is concerned it will be changed but little by the night's events although this is the Second congressional district where a fight is on between the Democratic and Republican candidates for Congress. Mercer, (Rep.) who has served three terms, has a strong opponent, but is confident of success. Both sides are still claiming the State, the Republicans by 5.000 plurality for McKinley, and the fusionists by 15,000 for Bryan. As registration has been exceptionally heavy and the campaign has been thorough, the vote in city and country is likely to be a record breaker. The Republicans claim gains among the farmers while the Democrats expect an increase in the cities and among the foreign-born.

NO CHANGE IN IOWA,

But Democrats Think They May Carry Two Districts.

DES MOINES, Ia., Nov. 4.-No new developments have occurred to-day to change the political situation in this State. If the full Republican vote is cast the State committee claims the State will go 75,000 plurality for McKinley and Roosevelt electors. But there is a probability that the full vote will not be cast because of apathy on account of overconfidence. In some of the larger cities and towns there is also danger of the disfranchisement of a considerable number of the voters because of the change in the election law which compels the polls to close at 7 p. m. instead of holding open until 8 or 9 o'clock as heretofore. The Republicans also claim they will return a solid delegation to Congress. The Democrats say they will materially reduce that it will be over 60,000. The claim of the Republican plurality of four years ago, the fusionists as to the result in the State but give no figures. They also say they will elect at least two representatives and possibly four.

DEMOCRATS MORE HOPEFUL,

But Republicans Claim Maryland by Eleven Thousand Majority.

BALTIMORE, Md., Nov. 4.- The day has been a quiet one throughout the State, with no political developments of importance except that Chairman Goldsborough, of the Republican state central committee, tonight issued a statement in which he claims that McKinley will surely carry the State by at least 11,000 votes. It is supplemental to his claim of yesterday, in which he gave

Both sides seem confident, and betting which has heretofore been strongly in favor of McKinley, has veered sharply toward Bryan, the odds having risen to 8 and 9 on Bryan against 10 on McKinley, while a few days ago 2 to 1 that McKinley would carry the State found but few takers.

BOSTON, Nov. 4.-The work of arousing interest in the presidential election among the voters of Massachusetts which has been prosecuted with considerable vigor by the party leaders and orators is nearly finished. ATLANTA, Ga., Nov. 4.-The lethargy which characterized the presidential campaign in Georgia has been disturbed at the eleventh hour by a stirring appeal for activity at the polls on Tuesday next. The appeal, which comes from the Young Men's Democratic Club of Atlanta, says the old ry of "Solid South" should not have the effect of producing indifference. Senator Bacon will be re-elected.

Democratic Losses in Louisiana.

NEW ORLEANS, Nov. 4 .- The Democrats held several meetings in the State today. St. James is the doubtful ground in the Second district, both sides being posttive of carrying it. Republicans have been given representation at the polls, although

they complain that in some parishes negroes not registered have been appointed instead of the persons requested, and they say the men named will act with the Democrats. Democratic enthusiasm has not been so great as in former years, but the growth of the Republicans has not fully met expectations, so that the indications | DEMOCRATS HAVE ALREADY BEGUN are still for a Democratic victory by a reduced majority.

Expect to Carry Tennessee.

NASHVILLE, Tenn., Nov. 4.-Headquar-ST. LOUIS, Nov. 4.—The political situation ters of both the Democratic and Republican state committees to-night gave out statements relative to Tuesday's election in Tennessee. Chairman Fitzpatrick, Democrat, declares there is an assured Democratic victory. He gives no figures. L. W. Kennedy, in charge of the Republican headquarters here, claims a gain of three representatives and the election of one Gold Democrat. He expects material gains in the Legislature. Tennessee, he asserts, will place herself in the Republican column by committee to-day made a forecast of the electing John E. McCall Governor and giving McKinley a majority.

Expect 33,000 in Vermont. BURLINGTON, Vt., Nov. 4.-Ever since there has been a Republican party Vermont has given her electoral vote to the national candidates of that organization and there is nothing to indicate that this year will witness any change in that respect. It is not customary to hold any rallies after the September election at which State officers and representatives are elected, or to make an organized effort to get out the vote and no such work has been done this year. Republicans expect the plurality to be fully 33,000.

Both Sides Claim California.

SAN FRANCISCO, Nov. 4.-It is expected that the full registration will be cast in California, notwithstanding the campaign has been an unusually quiet one. Both the Republican and Democratic central committees claim the State by the same plurality-12,000 to 15,000. A conservative estimate is that the State will only go

The electoral vote is safe for Bryan by some 20,000, and Congress. The Republicans, however, have pointed as judge of the election. a fighting chance in three districts.

Frauds Charged in West Virginia. WHEELING, W. Nicholas at Livadia: "The unveiling of a monument to one of your illustrious predecessors vividly reminds me of the important services rendered to France by the late President Carnot and his active co-operation in the great work of bringing together with essential pacific objects our friendly and allied countries. Spain Is Making a Very Clean Sweep in the Provinces.

MADRID, Nov. 4 .- An official dispatch announced that the chief of the Carlist band, which had been operating in the Berga district, has taken refuge in France, and that the band in the province of Alicante has been dispersed. Arrests of Carlists, particularly priests, continue throughout the country. The arrest of a vicar of a church in Madrid has led to the discovery of additional compromising documents. KITCHENER IN COMMAND.

Lord Roberts Has Left Plenty of Work for Him to Do.

LONDON, Nov. 5 .- Lord Roberts, according to dispatches from Cape Town, has taken his sick daughter to Johannesburg, and Lord Kitchener is left in command. It seems likely that he will have plenty of work. General De Wet is reported to have the northeastern corner of Orange River Colony, and small bodies of Boers continue harassing tactics. It is asserted that Lord Kitchener intends to stop the pursuit of commandoes and try to settle the colonies by garrisoning and organizing the towns for rapid raids with mounted troops. "Prince Christian Victor's end," says a Pretoria dispatch, dated Nov. 1 "was sudden and unexpected, although he had been unconscious for three days. Evans also said that Meyers, who made the affidavit against him, had three times solicited his co-operation in "selling out" to the Democrats, a proposition which he refused to consider. Meyers, he said, held out on his second visit, which was on Saturday evening, some unexplained inducement for the continuance of the meetings. which resulted last night in Meyers calling at his room for the last time, after which the affidavit was made charging overtures made by him to Kuhn, whom he has not seen for three months.

THE FIRST MEETING. Their first meeting was on Thursday last, when Meyers was introduced to Evans in Evans's room by Charles Shoemaker, a carpenter living at 308 South Noble street. Meyers, he said, then made some overtures which Evans refused to consider. Meyers came back Saturday night, and on account of an engagement Evans told him he could not talk with him, but would at some other time. Meyers suggested Sunday evening, which was agreeable to Evans.

The arrest of Evans was made at hour which would be most beneficial to the Democrats, in their opinion. He was slated at police headquarters at 11:45 p. m. The arrest was made by Streit and Trimpe, the bicycle police. For some unknown reason Superintendent Quigley was at his office at this hour. assistance. For the most part the weather campaign was closed in Laporte county last evening with the largest demonstration ever held in Michigan City by either political party. The parade of voters started through the principal streets of the city at 8 o'clock, headed by 150 Rough Riders and a carriage containing J. Frank Hanly, who was the speaker of the evening, and John H. Barker, of this city, who presided at the meeting. It was 9:30 when the last of th procession reached the armory, where more than 1,500 people listened to Mr. Hanly, and twice that number were turned away. His arguments were convincing and eloquent, and there could have been no better speech for the closing of the campaign. John H. Barker, who is the owner of car works in this city, presided, having just returned from a business trip in the East, During his absence the Democrats circulated the story among his 1,700 employes that he intended to vote for Bryan. Before introducing Mr. Hanly he denounced these stories as false, and said that the greatest calamity that could befall the American people would be in the defeat of William McKinley. He gave the laboring people something to think of. He said: "I have just returned from the East with a large contract for freight cars that will give employment to every man on our pay roll for several months. But in this contract there is a clause giving the parties with whom I contracted the right to cancel this contract should Bryan be elected." Mr. Barker is respected by all classes in this city. He is a business man and not a politician. His words will have great weight. During the last four years wages

ried by McKinley. Special to the Indianapolis Journal. WINCHESTER, Ind., Nov. 4.-Secretary of State Union B. Hunt returned to his home here yesterday from northern Indiana, where he has just been campaigning. For seven weeks he has been going up and down the State, and during that time has not only been doing an immense amount of speaking, but has likewise made it his business to carefully ascertain the situation, and especially to investigate the dark side of the political battle viewed from a Republican standpoint. He unhesitatingly affirms that the Republican party will not only be successful, but that it will carry the State by an increased majority over four years ago if public and private expression is to be relied on. Mr. Hunt has spoken in every county of the First and Third districts and has made speeches in every district save the Seventh and Thirteenth. He believes there will be some increase in the Prohibition vote of the State, and that this will be more largely drawn perhaps from the Republican than from the Democratic party, although he is sure there will be a surprising number of Democrats

who will vote the Prohibition ticket. He has visited no agricultural community where he has not found from five to twelve Democrats who voted for Bryan in 189 who will vote for McKinley this year. He met and talked with these people and is satisfied their action proceeds from the fact that they are satisfied with present conditions on the one hand, and on the other that they are unwilling to trust Bryan, with his anarchistic views, associated with and advised as he is by such men as Tillman, Altgeld, Croker and others of that class. He also is of opinion that the party will hold its own in the manufacturing districts of the State. Mr. Hunt made it a special point to visit those sections of the State containing large numbers of German voters, and in view of the Democratic claim that the Germans were going to leave the party because of

the issue of imperialism took especial pains te ascertain their views upon this question. He unqualifiedly asserts that the German vote will be cast as it was four years ago. Furthermore, he finds that German voters resent the efforts of the Democratic party to put them in a class by themselves. They want it to be understood first, last and all the time that they are Americans and de

NO BASIS FOR THE CHARGES. Wabash Cabinet Company Denounces the American Story as a Lie.

The Chicago American of last Friday, charged the Wabash (Ind.) Cabinet Company with coercing its employes to vote as the company wished, and also alleged the men were paid barely living wages. J. A.

"Upon receipt of your favor I immediately gathered the following facts from our books: In October, 1896, we were employing including apprentices, 102 hands, at a weekly compensation of \$537.16. We are now employing 252 hands, the weekly compensation being \$2,131.36. Apprentices are paid 75 cents to \$1.25 per day; none less. We have employed 144 hands at \$9 to \$10.50 per week, and 39 from \$12 to \$15 per week. In 1896 the average weekly compensation of all classes was \$5.26 2-3 per week. At present it is \$8.45 4-5 per week, an increase, in ratio of compensation, of 60 4-5 per cent. Our books are open for verification.

"As to coercion, our employes have not been talked to at all. They were never told what would occur after election. No such person ever worked for us by the name of John Bowden and there is no such street or number in this city as given in the article. The whole thing is a lie from beginning to end. Our hands are all satisfied and contented, and there has never been the appearance of a strike in the seventeen years we have been running. The article referred to was manufactured simply for

campaign purposes. "M. R. GARDNER."

MINERS SHARE IN PROSPERITY. John McBride's Statement Effective Evidence on That Point.

Special to the Indianapolis Journal. AURORA, Ind., Nov. 4.-Mr. H. B. Hill. of this city, on hearing of Democratic exceptions to the statement that the soft coal miners have been materially benefited by the prosperity incident to the McKinley administration, wrote to John McBride, ex- Ind., by smearing poison on his lips and president of the Bituminous Coal Miners' kissing her and afterward stabbing her Union, embracing some 306,000 men, and with a table knife. who was president when the great strike of '97 was settled, and to whom the miners owe a debt of gratitude for the part he played in the settlement. To this question McBride answered as follows, which answer speaks for itself, and should satisfy anyone who wants to know the truth: "Columbus, O., Nov. 1.-Replying to yours of Oct. 30, let me say that the soft coal miners of your State, as well as other States, have had their wages increased 20 to 45 per cent. during the past three years. Part of this advance was secured through the strike of 1897, but the greater portion of it by peaceful and harmonious negotiation in the form of joint conventions of miners and operators, and the latter made successful because of improved commercial and industrial conditions, such as we now enjoy and which, I believe, should not be endangered by a change in administration.

crat, who has been masquerading under the guise of a Prohibitionist, with the hopes of influencing some Republicans to vote the Prohibition ticket, advertised that he would close the campaign Saturday night at the opera house. Dr. C. E. Laughlin, Republican chairman of the township, hearing that F. W. Collins, who spoke at Paoli in the afternoon, and Judge Marsh, of Winwould be in the city a rew nour while waiting for their train, arranged with Dr. Patton to have them speak after he was through. The regult of this agreement was a packed house. Dr. Patton was given close attention until he began a personal tirade against President McKinley, who he denounced as a confirmed drinker and an enemy to temperance in any form. Mr. Collins, who was on the stage, rebuked him for his wild assertions. This angered the doctor, and he attempted to continue his vituperative speech. The audience refused to listen to his tirade, and he soon retired. Mr. Collins then proceeded to refute Patton's assertions, speaking for over an hour. Judge Marsh made a few remarks, but they were to the point. Both speakers were enthusiastically applauded. Dr. Patton gave Prohibition the greatest blow it could have received by his inflammatory speech. Nearly all who have been espousing that faith regret his action and are not slow in giving their disapproval.

DEBS WILL NOT RETIRE.

He Is in the Fight to Stay-Signe." Statement by Him.

MILWAUKEE, Wis., Nov. 4.-Eugene v. Debs will not withdraw as a candidate for President on the Social Democratic ticket in favor of Bryan or anyone else. He communicates this information in a telegram to Victor L. Berger, a leading Social Democrat of this city. The message reads as follows: "Victor L. Berger, Milwaukee: Sooner will McKinley retire in favor of Bryan, or Bryan retire in favor of McKinley than that I will retire in favor of either. I am

in this fight until the end of my life. -EUGENE V. DEBS." The telegram was sent from Toledo, O.

Speech by J. L. Griffiths. Special to the Indianapolis Journal. CRAWFORDSVILLE, Ind., Nov. 4 .-Music Hall was packed to overflowing last night to hear the address of John L. Griffiths in his presentment of the important issues of this campaign from the Repubhean standpoint. Mr. Griffiths was escorted to the hall by the band at the head of a long line of marching Republicans. At the hall the meeting was called to order by John R. Bonnell, chairman of the county central committee, and after two songs by the colored glee club, Mr. Griffiths was introduced by Judge Thomas. Mr. Griffiths made many good points in his address, which met with hearty applause. The

campaign will close with a speech on Monday night by Fred Landis.

WAGE SCALE SIGNED. Conl Operators and Hoisting Englneers Reaca an Agreement.

Special to the Indianapolis Journal. TERRE HAUTE, Ind., Nov. 4.-The Indiana and Illinois bituminous coal operators yesterday, at Danville, reached a settlement with the hoisting engineers on the wage scale for the ensuing year. The hoisting engineers had not been organized few months ago, when some of them in Indiana and Illinois started a 113tional movement. As yet only the two States have been organized. The representatives of the two new labor organizations met with the operators in this city the latter part of September, but failed to reach an agreement. Yesterday the scale was agreed upon, with a slight advance in wages, as follows: For mines of over 500 tons a month capacity, \$80 a month for the first engineer, \$67.50 for second and third engineer; for mines of 200 to 500 tons capacity, first engineer \$75, second and third 65; for mines under 200 tons capacity, first

engineer \$75, second engineer \$62.50.
